GIUSEPPE CACI

FRONT-END DEVELOPER

PROFILE

Front-End Developer with experience in React, Redux, and CMS, I have worked on international projects for Stellantis, contributing to the optimization of their digital platforms, developing new web pages, and ensuring ongoing system maintenance.

Beyond corporate experience, I have strengthened my skills through advanced programming courses and intensive self-study. I am looking for an environment where I can apply my expertise, collaborate with a dynamic team, and grow professionally through innovative projects.

EDUCATION

- **Bachelor's Degree in DAMS** 2019 - 2022
 - Studied computer science, web design, and digital editing.
- **Certified Regional Training Courses** 2022-2023
 - Specialized in HTML, CSS, JavaScript, WordPress
- **Self-Taught Intensive Study** 2024-2025
 - Among the subjects studied: React, Node.js, MongoDB, Elementor, SEO

WORK EXPERIENCE

- **Publicis Sapient** 2023 - 2024
Interactive Developer
 - Developed and maintained multiple web pages for Fiat Chrysler and Stellantis.
 - Contributed to the website transition to the new Stellantis group.
 - Managed 5+ Jira tickets per day, improving issue resolution speed.
 - Provided training and support for 4+ new hires and interns.

PROJECTS & FREELANCE

- **Personal Projects** 2024 - PRESENT

I have developed various projects to expand my skills and experiment with new technologies. Among them:

 - Front-End Projects: SASS, Bootstrap, Tailwind, React.
 - Full-Stack Projects: React, Node.js, MongoDB.
 - CMS Projects: WordPress (Elementor).
- **Freelance Work** 2024 - PRESENT
 - Created 5+ custom websites using both code-based solutions and CMS for private clients and businesses.
 - SEO optimization to improve online visibility and provide ongoing technical support and website maintenance.

My work and projects can be viewed on my website: www.giusepppecaci.com
